## Note from the Director

We have a new business on the square in Delphi. **MarthaRose** has opened and is our newest Chamber Member. You may remember the owner, Karyl Traeger, from the Greendoor in Lafayette. She and her husband Dick relocated to this area and Karyl felt the pull to open a slightly smaller version of that very special store. This is not just for ladies...gents you may find some interesting things for your office or workspace, great hand painted pictures of classic cars done to order.

Your business is important to the County Chamber.

We want to help you build your customer base, market your product and meet the people to move your company forward.

There is more in store for chamber members. Look forward to computer training opportunities in Excel and QuickBooks. In addition, the Chamber and Economic Development will also host workshops in *Communicating Effectively* (Ivy Tech), classes in Small Business Development (SBDC), and Diversity Training workshops. The Chamber is challenged to not only listen to the needs of our members, but to an-

anticipate future trends that may affect the sustainability of our local businesses.

Speaking of local businesses, when was the last time you visited **MB Discounts?** They have more than you can imagine for home and garden use. It is a fun store to walk around and to find surprises to make your home and yard beautiful. Please stop in and say 'hello'. You will be greeted by very nice people, and that is a good feeling.

Get ready for the next big thing coming in July. The second annual **"Evening of Elegance Dance"...a Time to Remember, July 23, 7-10 p.m.** This year, the event will be held at the Canal Center with boat rides on the "Delphi". Tickets will be on sale next week.

Before I close, I want to talk about something that has come to my attention. We have had a few (less than 5) people ask why we send out so much information via email about local businesses and what they are doing. The answer is simple: because we are their Chamber of Commerce and our job is to share the news about business happenings in the community.

We are working on sending out e-mail blitzes only twice weekly, but that has not worked so far. Some things are time sensitive and we want to make sure you know what is going on in the community. We attempt to include something in the "subject" (AD...Chamber FW) so you can delete if you are not interested in promotions from other Chamber members. In all honestly, we hear more cheers than jeers regarding our e-mail output and we would rather be accused of telling you too much than too little. So, until we get a perfect method of communicating, please bare with us.

**Recruiting additional Ambassadors..**call Sana or Julia for information.

Remember, **your** business is **our** business. Thank you for your continued support.

Sana

Our partners at Ivy Tech Workforce and Economic Development will be offering the course, **ACHIEVING SUPERVISORY EXCELLENCE** (ASE) at the Lafayette Campus beginning June 28. This course has been created as a highly adaptable, modularized course for leaders and managers. The curriculum addresses the following:

- \*Understanding myself as a leader and manager
- \*Communications systems and process
- \*Communicating effectively
- \*Managing for efficiency
- \*Effective leadership of employees and teams
- \*Change management & business systems
- \*Conflict management and HR as partners.

The course is held on Mondays, 8am-5pm with Mike Cicholski as the instructor. Many of you know Mike from the Chamber/Ivy Tech luncheon held back in February at the Opera House Gallery. Mike is a fantastic instructor with never a dull moment. You will walk away from this 64 hour course with a toolbox full of ways to be your best as a leader & manager, both professionally and personally.

Watch your email for a flyer or feel free to contact the Chamber office for more details.

### Looking Forward

Last night I attended a retirement party for Dana Smith, President of Greater Lafayette Chamber of Commerce, now part of Greater Lafayette Commerce. The kind words and praise from dignitaries and business leaders in attendance was a testament to the impact he made in 18 years at the helm of the Chamber.

Chambers of Commerce have the power to influence and impact business climate. After nearly four years of working in a consolidated organization that included the Chamber, and overseeing several Chamber programs, I know firsthand the importance and relevance Chambers have today.

I can't express in words how much I am looking forward to working with Sana and Julia and the Carroll County Chamber of Commerce to continue moving our community forward. It takes a team working together and I can think of no better teammates than all of you. My door is always open. Please do not hesitate to contact us if there is anything we can do to help grow your business.
